

A stunning combination of
Beauty
and Intelligence

Mitsubishi introduces
a fresh new look
and a host of functional
new features
to ensure
"ever-fresh"
storage.

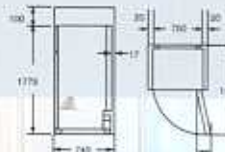

MR-560M

MR-560M-ST

MR-560M/MR-560ML (560 Litres)
MR-560M-ST (Stainless Steel)

- Frost Free / CFC Free / Deodorizer
- Multi-airflow System
- Freezer light
- Three revolving ice trays with Ice box
- Slide Chilled Case
- Big tower light
- Reversible crystal shelves with stainless brim
- Three-way flexishelf
- Fruit & Vegetable case with two rollers
- Multi-purpose egg shelf with two egg racks
- Large bottle pockets with two bottle stopper
- Four castors and two adjustable feet

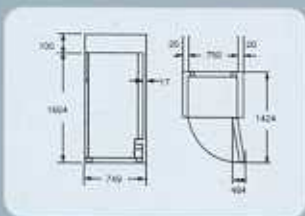

MR-508M

MR-508M-ST

MR-508M/MR-508ML (508 Litres)
MR-508M-ST (Stainless Steel)

- Frost Free / CFC Free / Deodorizer
- Multi-airflow System
- Freezer light
- Three revolving ice trays with Ice box
- Slide Chilled Case
- Big tower light
- Reversible crystal shelves with stainless brim
- Three-way flexishelf
- Fruit & Vegetable case with two rollers
- Multi-purpose egg shelf with two egg racks
- Large bottle pockets with two bottle stopper
- Four castors and two adjustable feet

Freezer Light

The additional light adds brightness and visibility every time you open the door.

Positively functional

Extra-large Frost-free Freezer

Providing the ultimate in storage convenience, maintaining perfect freezing temperature enabling you to handle the frozen package easier with less time to waste on cleaning the compartment.

Revolving Ice Tray

Designed to ease the removal of ice cubes from plastic trays.

Ice Corner Tray

Deodorizer

Our deodorizer removes unpleasant odours to keep air naturally fragrant.

Slide Chilled Case

A separate storage space to chill-not freeze, and maintain the nutrition value of your fresh food for 2-3 days before cooking.

Tower Light

Another consideration in design is to illuminate all shelves and compartments when the refrigerator door is opened.

Wide-body Crystal Shelves

Our design prevents spills from spoiling food below. An attractive transparent plastic which nearly twice as strong as metal grill shelves, it is extremely strong and durable. When needed for more storage, the shelves can be reversed to gain more height (up to 2 cms.)

Three-way Flexishelf

The shelf directly above fruit & vegetable case has three folds for 3 choices of storage. This allow various items of differing heights to be adequately stored.

space

Multi-airflow

A system with separate air distribution outlets at every shelf to keep every corner of the refrigerator evenly cool so that all food items remain fresh.

Freezer Pockets

These are additional storage space in the door with the capacity to hold various food items.

Multi-purpose Egg Shelf

Flexible storage with partial or complete reversal of shelving enabling small items, including eggs to be stored.

Door Pocket

Storage space in the refrigerator door to store many food items.

Large Bottle Storage

The door design has extra space to hold all kinds of bottles like milk, juice, etc. There is also the bottle stopper that prevents bottles from falling when the storage shelf is only partially full.

Fruit & Vegetable Case & Rollers

A new design case to maximize convenience with slide rollers to make it easier for you to open or close the crisper. A lock stopper prevents the case from sliding out accidentally.

Four Castors and Two Adjustable Feet

A four castors system that allows ease of movement of your refrigerator as well as leveling adjustment for the refrigerator.

Mitsubishi's refrigerator not only keeps food fresh longer, it evens temperature distribution and works to maintain temperature when the door is opened and closed. And, in most families, that happens very often indeed.

Mitsubishi has always been in the forefront in refrigerator technology, giving you a home refrigerator that will keep your food fresher, longer and is so much more economical and easy to use.

Practical "Multi-airflow System" Technology

The advanced- Technology "Multi-airflow System" ensures that your family food is kept at the peak of nutrition longer. Now cool air flows throughout the cabinet making the temperature even to preserve food better. Even when the door is opened and closed, the temperature is maintained.

Convenient user-friendly storage

These new models feature larger ergonomically-designed storage that you can adapt to suit you. Our unique features gives you the flexibility you have always wanted. All main storage centers are jumbo-sized to suit the needs of your family.

Elegant new design....sleek and beautiful

Designed to be a beautiful part of your lifestyle with brilliant white color. Simple minimalistic design with stylish flat handle, a Mitsubishi Refrigerator provides the most practical functions a premium-grade refrigerator can offer.
